

“This is not about ticking boxes. We have a dedicated team making sure that the communities we build in are properly supported.”

Hello from Lane End New Beginnings!

Welcome to our first newsletter for 2018, keeping you up to date on what we have been up to and what we have to look forward to this year.

New Beginnings launched in June 2017 with its start-up funded solely by The Lane End Group as their way of giving back to the communities in which they build.

Our purpose is simple.

- To connect with the localities in which we build and understand their key needs.
- To bring people together and strengthen community bonds.
- To support those communities and create positive changes.

2017 WAS BUSY!

Mancunian Way

We were delighted to support the team at Mancunian Way with their community and homelessness work across the North West at their annual fundraiser.

The Toy Appeal

Our Community Champion was on hand to help sort and distribute over 3,000 sacks of toys to children living in poverty across the North West throughout December.

Food Banks with The Trussell Trust

With a strong link between our Affordable Homes Site areas and Foodbank usage, we visited and donated essential items to seven Trussell Trust Foodbanks across the North West.

Community Boxing Project with Salford City Boxing Academy

We've supported the youngsters at Salford City Boxing Academy in their fantastic programme to bring young people off the streets and into the ring, benefitting the whole community. This cross-generational project aims to teach respect and discipline for the whole family while giving young people focused activities enabling them to flourish.

HITTING THE GROUND RUNNING IN 2018

2018 is starting with a bang with January seeing the launch of several school's projects, evening community programmes and facilities facelifts. Stay tuned for our next newsletter to see what we've been up to!

Motivational Assemblies

Our Community Champion Simon enjoyed delivering motivational assemblies in schools within our Social Housing areas. Thought-provoking sessions aimed at specific groups of young people with the aim of raising levels of respect and self-worth at the same time lowering instances of Anti-Social Behaviour within these communities.
